- 9781858984070
- Available at Book Depository with free delivery worldwide.

Essays on Capital and Interest: An Austrian Perspective presents a collection of writings on capital theory that serve both as a discourse in the history of economic thought and as conceptual clarification in one of the most complex subjects in economics. Israel M. Kirzner is a leading economist in the Austrian school and professor emeritus of economics at New York University.

- The best known Austrian capital theorist was Eugen von Böhm-Bawerk though his teacher Carl Menger is the one who got the ball rolling providing the central idea that Böhm-Bawerk elaborated. Böhm-Bawerk produced three volumes dedicated to the study of capital and interest making the Austrian theory of capital his best known theoretical contribution.
