'woods ships and iron men tv tropes

June 1st, 2020 - while they appeared in the middle of world war i well past the wooden ships and iron men era their actions were product of awesome idea that a sailing ship although of a metal hull might make for a better long distance raider than a steam or diesel ship due to not needing overseas fueling stations which it did it was also thought that a sailing ship that was obviously not any sort of warship would more easily slip through the british blockade and so it did under the guise.'
