The Plant Hunters.co.uk - Carolyn Fry
June 5th, 2020 - The plant hunters tells the story of our fascination with plants and the discovery of new species from ancient times when Alexander the Great included naturalists in his entourage. This intriguing story moves across the world as plants such as coconut trees, roses, and numerous fruits and vegetables were introduced from one country to another.

The Plant Hunters - The Adventures of the World's Greatest
June 1st, 2020 - She shows how coconut trees and numerous fruits and vegetables were spread from one country to many and the significant role that newly discovered plants including tulips, tea, and rubber have played in economic history. The plant hunters also traces the establishment of botanical gardens and the many uses of plants in medicine. In addition to stunning botanical drawings, the book features several unique facsimiles including a letter from Carl Linnaeus, the father of taxonomy.

'the History Girls Victorian Plant Hunters Their Legacy
May 30th, 2020 - The Plant Hunters Were Part Of The Great Imperialist Endeavour Sometimes Ruthless
June 7, 2020 - The plant hunters: true stories of their daring adventures to the far corners of the earth driven by an all-consuming passion. The plant hunters traveled around the world facing challenges at every turn: tropical illnesses, extreme terrain, and dangerous animals. They battled piranhas, tigers, and vampire bats.

June 5, 2020 - In The Plant Hunters, Carolyn Fry pays homage to those whose obsession with plants gave rise to our own passion for botanicals and gardening. Lavishly illustrated with more than one hundred images from the archives at the Royal Botanical Gardens at Kew, The Plant Hunters offers an accessible history of plant exploration and discovery through

How Victorian Plant Hunters Shaped British Gardens Kew
June 7th, 2020 - Many plants we take for granted in our gardens have been on long and exciting journeys to reach our shores. The Plant Hunters of the Victorian era transformed British gardens setting out on dangerous missions to track down specimens. They brought back much loved plants like camellias and rhododendrons.

The Best Books on Plants and Plant Hunting Five Books
June 6th, 2020 - The Best Books on Plants and Plant Hunting Remedied by Kenneth Cox. Although we did add pictures to the new edition of the Frank Kingdon Ward book, these days the pictures tend to make up for rather dreary and unoriginal text. He was probably the first garden writer in the English language who decided that the writing was the
